

Academic Classes \*

For all MANH students attending summer camp we are counting the academic classes as an exemption to their summer homework packets. For children who attend sessions 1-4 and select classes in the areas of: reading/writing, math and science will be exempt from all academic summer homework.

Children who attend select sessions of summer camp can still earn credit toward their summer homework. This will be handled on an individual basis with the discretion of your child's teacher. If you have any questions about homework credits, please ask your child's teacher.

Sessions	Class	Teacher Age Group
Session I June 10th -- June 21st  9:00 AM-10:25 AM	<b>*1st &amp; 2nd Grade Preparedness</b> 1st and Second Grade Preparedness gives 90 minutes of core academic skills practice.
