Elementary Summer eCamp at MANH will provide the opportunity for your child to receive personalized instruction and engage with other students. The morning class session is offered from 9 AM-12 PM and provides three different topics. Students will be divided up according to their academic level and rotate between the three classes each hour.

In the afternoon, there are three individual classes offered where your child can select one or two of these experiences to keep their minds and hands busy.

Sessions	AM Classes	Teacher
Intermediate 9:00 AM - 9:55 AM Beginners 10:00 AM - 10:55 AM Advanced 11:00 AM - 11:55 AM	**Comic Art** It's time to unleash your inner creativity and passion for drawing! In the span of 2 weeks, you will explore different drawing techniques, learn how to draw popular comic characters, and be challenged to draw yourself as a comic character.	**Ms. Monica**
Beginners 9:00 AM - 9:55 AM Advanced 10:00 AM - 10:55 AM Intermediate 11:00 AM - 11:55 AM	**Summer School Refresher*** Children lose 20% of what they gain during the school year if they don't practice their skills. In this class children will work with certified Montessori elementary teachers on math, reading and writing. Whether they need to refine skills or develop new ones to prepare them for the school year ahead, this class is sure to keep their minds busy!	**Mr. Devitt**
Advanced 9:00 AM - 9:55 AM Intermediate 10:00 AM - 10:55 AM Beginners 11:00 AM - 11:55 AM	**Get Fit** Come and get fit this summer with Mr. Michael. Children will explore all aspects of fitness. From strength, flexibility and cardiovascular exercise this class is sure to pump your child up!	**Mr. Michael**

Academic Classes *

For all MANH students attending summer camp we are counting the academic classes as an exemption to their summer homework packets. For children who attend sessions 1-4 and select classes in the areas of: reading/writing, math and science will be exempt from all academic summer homework.

Children who attend select sessions of summer camp can still earn credit toward their summer homework. This will be handled on an individual basis with the discretion of your child's teacher. If you have any questions about homework credits, please ask your child's teacher.

Sessions	**PM Classes**	Teacher
Beginners 1:00 PM - 1:55 PM	**Coding** Learn the basics of programming and create your own characters, animated stories, and apps using TynkerTM technology. You will build skills in problem solving, logic, physics, storytelling, and design in a hands-on, fun environment. Collaborating with the instructor and other students, you will also strengthen communication skills and make new friends. For this class no experience with programming necessary. A mouse is suggested but not required. You will learn all about the course from point and click / drop and drag to writing your first program!	Ms. Monica
Intermediate & Advanced 1:00 PM - 1:55 PM	**Graphic Design** From cave paintings to digital images, graphic design has been a part of our daily lives for centuries. This course will provide an introduction to the history of graphic design and its practical applications today. Students will also be able to design their own signs, advertisements and more.	Mr. Michael
2:00 PM - 2:55 PM	**Cooking** We will be making a fun and easy snack each day as we explore safe kitchen skills during this class. Some of the tasty things we will be making include deviled eggs, puddings, roll-up sandwiches, as well as simple desserts.	Mr. Devitt
